

REMARKS

Applicants amend claim 22 to correct grammatically the claim. Applicants reintroduce the article “and” in claim 22, line 15, which article was deleted by Examiner’s Amendment. This “and” is used to connect the three recited components of the back side of the label, i.e., the deadened first portion, a second portion, and a third portion. This “and” is not redundant of the article “and” in claim 22, line 11, which is used to connect the recited steps of the method, i.e., providing, deadening, applying, contacting, perforating, perforating, and forming. Applicants submit no new matter is introduced and respectfully request entry of the amendment.

Respectfully submitted,
